

HOW TO USE KANNAVIS ITRADE TO EXPAND YOUR BUSINESS

The key to leveraging us successfully:

USE OUR GLOBAL NETWORK

We have multiple producers sign contracts with us to secure your inventory. Diversify your company's products.

We have a recreational and medical platform that attracts all end users around the globe. Crucial for tourist destinations with a recreational program.

Use our (JIT) "Just In Time" model and stock inventory as needed and our "Fire Sale" model to buy discounted overstock inventory from producers.
